FOR IMMEDIATE RELEASE

### **GS Caltex Receives First Ever JMJ IIF Success Award**

AUSTIN, TEXAS, December 6, 2012—On Monday, December 3<sup>rd</sup>, GS Caltex Korea was awarded the first ever *IIF* Success Award by JMJ Associates. This award recognized the significant impact that the GS Caltex *IIF* efforts have had on GS Caltex projects as well as on the safety culture of Korea as a whole.

The award was part of a JMJ hosted dinner in Busan, Korea honoring the work done in service of *Incident and Injury Free*® (*IIF*®) safety throughout the country in 2012. The event highlighted the impact that *IIF* work has had on the country, which has seen a significant shift in its safety culture since the *IIF* approach was first used on Korean projects less than a decade ago.

Fifteen clients companies attended, representing several major oil and gas companies and the major shipbuilding and offshore yards in Korea. Of these companies, GS Caltex Korea was given the *IIF* Success Award because of their record delivering remarkable safety performance and building a world-class *IIF* culture.

"It was an honor and privilege to present the first Korean *Incident & Injury Free* award," said JMJ Chief Operating Officer Mark Britton. "All the nominations were deserving, and demonstrated leadership and commitment to outstanding safety."

### **About JMJ Associates**

JMJ Associates is a global management consultancy that this year is celebrating 25 years' experience serving the energy, mining and construction industries. JMJ helps top-tier industrial companies see new possibilities, reach new goals, and operate at new, higher levels of performance. It is the world leader in *Incident and Injury-Free*® (*IIF*®) workplace safety consulting and in the creation of *High Performance Teams*™ on capital projects. JMJ consultants provide *Performance Coaching*™ and leadership development to some of the largest companies in the world.
